# Excavator Buckets

## HD - Heavy-Duty Bucket

Designed for tough digging:

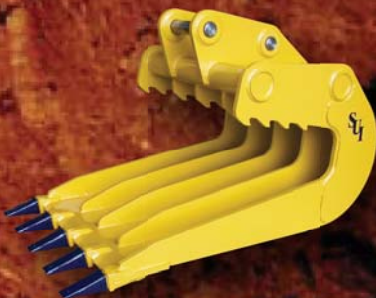

- AR400 Cutting Edges.
- Available in any width.
- Pre-Drilled for side cutters.
- Custom orders available.
- Your choice of teeth.

## SD - Severe Duty Bucket

Built-tough for rock work:

- AR400 Cutting Edges.
- Available in any width.
- Side cutters/Wear shroud options.
- Custom orders available.
- Your choice of teeth.

## Slab Dragon Bucket

The best way to efficiently load pavement and concrete slabs:

- Much more efficient than trying to handle pavement and concrete pieces with an ordinary bucket.
- Designed to maximize your excavator's hydraulic breakout forces.
- Teeth of your choice.

## Ripper Bucket

With special teeth and adapters to improve digging performance in limestone, caliche-type materials, fracturable materials and soils compacted by deep frost.

- AR400 cutting edges.
- Available in any width.
- Custom orders available.
- Your choice of teeth.

---

## Sand Bucket

Excavator Sand Buckets will improve your productivity and profits, saving you time and money.

- AR400 cutting edges.
- Custom design allows maximum yardage with narrow widths.
- High productivity means greater profit.
- Sand buckets require less bedding material.
- Also available in flat bottom with square or rounded corners.
- Your choice of teeth.

---

## “V” Bucket

Specifically designed for digging ditches of desired depth and slope. Long side cutting edges grade the slopes as it digs.

- AR400 cutting edges.
- Available in any width.
- Ice blade optional.
- Your choice of teeth.
- Custom orders available.
